HI-LO MK2

The perfect table for all craft & sewing applications!

The Hi-Lo MK2 offers you a huge space to get creative. Its easy height adjustment allows you to quickly find your perfect standing height. Rounded knock-resistant corners prevent snagging and possible injury.

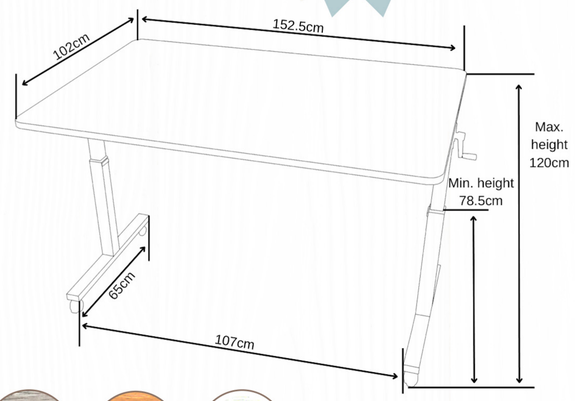
Tilting the table with the release of a lever gives you your floorspace back, and with the ability to match in with existing Horn furniture, makes this a great addition to your sewing room.

Delivered fully assembled

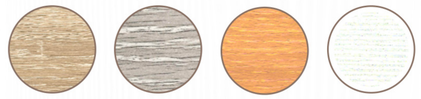
Air-lift assisted height adjustment with the pull of a lever!

The Tall Hobby chair is the perfect companion for this table. See pg.39 for more information

The Huge double-sided Horn cutting mat is a massive 1.5m x 1m. This optional extra is the perfect companion to the Hi-Lo MK-2



Available in:



Weathered Oak | American Grey Oak | Beech | White

For more delivery info please see pg.43 for details.
