

Every crafter, sewer, or creative enthusiast understands the importance of a high-quality cutting mat in their sewing room. Safeguard your furniture and workspace with a Horn cutting mat, offered in three different sizes.

Our huge cutting mat is tailor made to fit our HI-LO MK-3 but can be purchased separately for use on a table of your choice. At a whopping 100 x 150cm and 3cm thick, it is ideal for all types of cutting, including rotary.

Our cutting mats, featuring a convenient carry handle, are available in two sizes: A1 and A2. These high-quality mats are self-healing and have a sturdy 3cm thickness.

All mats are double-sided, one side metric and the other imperial.

SCISSORS & CUTTING MATS

A cut above the rest...

The German stainless steel scissors are exceptionally durable and of high quality, crafted to precise standards to cut all the way to the tip they provide a delightful user experience every time.

Our scissors are designed to surpass customer expectations, with a Rockwell hardness scale rating of 55. Perfect for various crafting needs and easy fabric cutting, once you try them, you won't go back to using anything else!
